

**2022 is going to be a year like no other for the  
Mars Football Program!  
Help Support your 2022 Fightin Planets and New Coaching Staff!**

The Mars QBC is a 501© (3) non profit organization comprised of volunteers with a sole purpose of supporting the Mars Football Players and Coaches. Every year we do our best to provide funding for equipment, clothing, busses, scholarships, meals for games and two a days, and the end of year banquet. We are reaching out to our local businesses for any kind of support they can give so that our players can have the best year possible! We understand that the past couple of years have been trying for everyone, but anything you can offer would be greatly appreciated!
